

GOVERNMENT OF THE DISTRICT OF COLUMBIA

District Department of the Environment

**CHAPTER 2 TECHNICAL MEMORANDUM**

TO: File

THROUGH: Stephen S. Ours, P.E. *SSO*  
Chief, Permitting Branch

FROM: Abraham T. Hagos *ATH*  
Environmental Engineer

SUBJECT: **The Berg Corporation**  
**Permit Number 6700**  
**Permit To Construct and Operate a Portable Concrete Crusher at**  
**2112 – 2146 Georgia Avenue, NW**

DATE: February 4, 2013

---

***BACKGROUND INFORMATION***

A permit application to construct and operate a portable concrete crushing plant at 2112 – 2146 Georgia Avenue, NW, Washington, DC 20011 was received by the Air Quality Division on December 26, 2012. The applicant is The Berg Corporation.

The permit action will be published in the DC Register on February 8, 2013. Public comments for the permit action will be solicited through March 11, 2013.

The Company has not requested that any of the materials submitted with this application be held confidential.

***REGULATORY REVIEW***

**Chapter 2, Section 200: General Permit Requirements:**

The portable concrete crushing equipment is a potential air pollution source for particulate matter and other pollutants. The applicant is requesting a permit to operate the equipment for one shift a day [10 hours], seven days a week and 60 days, total. Thus a chapter 2 permit is required.

## **CHAPTER 2 TECHNICAL MEMORANDUM**

**The Berg Corporation**

**Permit #6700 to Construct and Operate a Portable Concrete Crusher at 2112-2146**

**Georgia Avenue, NW**

### **Chapter 6, Section 605: Control of Fugitive Dust**

The fugitive dust control requirements of 20 DCMR 605 are applicable to this portable concrete crusher equipment. The requirements of this regulation are found in Conditions II(a) and (b) of this permit. The operational requirements are found in Conditions III(b) and (c). The facility must monitor the site for compliance per Conditions IV(b) and (c).

### **Chapter 6, Section 606: Visible Emissions**

The visible emissions limitations of 20 DCMR 606.1 are applicable to this portable concrete crusher plant. Visible emissions shall not be emitted into the outdoor atmosphere from the operation of the portable concrete crusher plant; provided, that discharges not exceeding forty percent (40%) opacity (unaveraged) shall be permitted for two minutes in any sixty (60) minute period and for an aggregate of twelve (12) minutes in any twenty-four hour (24 hr.) period during start-up, or malfunction of equipment. This requirement is contained in Condition II(d). Monitoring for compliance is required pursuant to Condition IV(c).

### **Chapter 9, Section 903: Odorous or Other Nuisance Air Pollutants**

“An emission into the atmosphere of odorous or other air pollutants from any source in any quantity and of any characteristic, and duration which is, or is likely to be injurious to the public health or welfare, or which interferes with the reasonable enjoyment of life or property is prohibited [20 DCMR 903.1]” is applicable to all sources. This requirement is contained in Condition II(e) of the permit.

### ***RECOMMENDATIONS***

The application to operate a portable concrete crusher and the attached operating permit comply with all applicable federal and District air pollution control laws and regulations. Public comments for the permit action will be solicited from February 8, 2013 through March 11, 2013. AQD will resolve any comments received before issuing the permit, and if no comments are received, I recommend that permit (#6700) be issued in accordance with 20 DCMR 200.1 and 200.2.
